# WONDERFUL ARABIC SALV

We have discovered a remedy likely to prove of untold value to those owning and managing horses. It is our ARABIC SALVE, for the cure of all Skin Discases in Horses. It is a combination of ingredients simple and harmless in themselves, so no one need fear, because of its marvelous healing powers, that some deadly poison is mixed with it as we most positively affirm such is not the case; and, so far as we know, it might be applied to the haman hady withsafery and good effect. We do not he situate to say that it is the only Salve which will prove entirely satisfactory and far superior to any other for the same purpose on the market.

ONE PACKAGE OF IT WILL OURE SEVERAL CASES.

And it is so simple any one can apply it by following the directions.

We are so condition of its merit that we freely offer to refund the money if it fails to care apon a trial according to directions on package. The following TESTIMONIALS
